

Mostafa Shaaban

Full Stack Web Developer

Cairo, Egypt

+201000766860

mostafashaaban2080@gmail.com

Profile

ITI grad with a keen interest in web development and a solid background in backend technologies, such as Javascript, Nodejs, SQL, noSQL Servers, and PHP-laravel. I received a scholarship for nine months to study open source applications at the Information Technology Institute (ITI). Seeking a position in a fast-paced organization where I can put my skills to use and grow as a developer.
